**Increase Local Gov't. Expenditures – Not Significant**

Assumptions:

- A not significant increase in revenue from collection of additional civil penalties.
- Any state cost can be accommodated within existing resources without an increased appropriation or reduced reversion.
- There will not be a sufficient number of prosecutions for local governments to experience any significant increase in expenditures.
- A small increase in cases in the court system, which will result in additional state and local government expenditures for processing the cases and additional state and local government revenue from fees, taxes and costs collected.
